License for Diversion and Use of Water

APPLICATION 11875

PERMIT 8244

LICENSE 4339-A

THIS IS TO CERTIFY, That

R. W. West through his predecessors
H. B. and Clara Bell West
Arbuckle, California

over

made proof as of May 7, 1954

(the date of inspection)

to the satisfaction of the State Water Resources Control Board of a right to the use of the water of Reclamation District 108 Drain in Colusa County

tributary to Sacramento River via Knights Landing Ridge Cut

for the purpose of irrigation use

under Permit 8244 of the Board and that the right to the use of this water has been perfected in accordance with the laws of California, the Regulations of the Board and the permit terms; that the priority of this right dates from May 12, 1947; and that the amount of water to which this right is entitled and hereby confirmed is limited to the amount actually beneficially used for the stated purposes and shall not exceed three and five-tenths (3.5) cubic feet per second to be diverted from about April 15 to about September 15 of each year.

The equivalent of such continuous flow allowance for any thirty day period may be diverted in a shorter time if there be no interference with other vested rights.

The point of diversion of such water is located south sixty-four degrees thirty-two minutes east (S64°32'E) three thousand six hundred twelve (3,612) feet from NW corner of Section 24, T13N, RLW, MDB&M, being within SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of said Section 24.

A description of the lands or the place where such water is put to beneficial use is as follows:

142.0 acres net within a gross area of 150.0 acres
within Section 23, T13W, RLW, MDB&M, as shown on
map filed with the State Water Resources Control
Board.

This license and License 4339B replace License 4339 and are issued because ownership of License 4339 has been divided.

Issuance of this license shall not be construed as a determination by the Board that the water right has necessarily been fully maintained by continuous beneficial use and by observance of law and the provisions of License 4339.

and Helen L. Swanston and Roger P. Duke

~~ALL RIGHTS AND PRIVILEGES UNDER THIS LICENSE INCLUDING METHOD OF DIVERSION, METHOD OF USE AND QUANTITY OF WATER DIVERTED ARE SUBJECT TO THE CONTINUING AUTHORITY OF THE BOARD IN ACCORDANCE WITH LAW AND IN THE INTEREST OF THE PUBLIC WELFARE TO PREVENT WASTE, UNREASONABLE USE, UNREASONABLE METHOD OF USE OR UNREASONABLE METHOD OF DIVERSION OF SAID WATER.~~

All rights and privileges under this license including method of diversion, method of use and quantity of water diverted are subject to the continuing authority of the Board in accordance with law and in the interest of the public welfare to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the Board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property cannot agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.
